Devoteam is a strong professional services player active in the Digital World of IT, Telecom and Media. In Belgium, we have a team of 300 highly skilled professionals in Digital SMACS.

**S**ocial     **M**obility     **A**nalytics     **C**loud     **S**ecurity

## What are your main responsibilities?

- Participate in the role of architect or developer to the delivery of Access Management infrastructures. Our current focus is the ForgeRock Identity Platform.
- In the role of architect, produce the project & training documentation, assist the customer to understand Access Management concepts and make choices, manage the delivery team and client relationship.
- In the role of developer, set up authentication mechanisms, federation flows, authorization policies, integrate deployments in a CI/CD pipeline and provide occasional level 3 support of projects you delivered.

## What do we offer you?

- A culture of continuous development. At Devoteam, we value people over processes and galvanize potential by working at the forefront of innovation.
- You will develop and grow in an agile and ambitious company where it's okay to take risks, make mistakes and change plans to find transformative solutions. All the while, you will learn from the best, building relationships and skills that will last your entire professional life.
- An attractive and competitive remuneration package with company car, group assurance and DKV.

**Soft skills required:**

- Team player
- Motivated and result-driven
- Good communicator
- Customer-oriented

**Hard skills required**:

- Proven experience of 3 years in Access Management projects or Linux/Java development environments
- Experience of general security concepts: IAM, PKI, OWASP and reverse proxy & network
- Experience with federation protocols: SAML, OAuth2 and OpenID Connect
- Experience with DevOps tools is considered a plus
- Hands-on experience with setting up and maintaining ForgeRock Identity Platform is considered a plus
- Fluent in Dutch and/or French and a good working knowledge of English
